## SCA's Cost Effective Bath Tissue Solution

The T-Tork and T-Tork Mini Systems feature high capacity bath tissue rolls and a compact dispenser design. The Twin T-Box system's unique ability to use one roll at a time eliminates the need for frequent refills and stub rolls. This reduces maintenance costs and paper waste.

For added safety and convenience, the covered-roll design reduces the risk of contamination. SCA's dispensing system also uses high quality bath tissue, either with or without perforated sheets.

The easy-to-use, hygienic and cost-effective T-Tork and T-Tork Mini Systems are the perfect choice when it comes to dispensing bath tissue in any high traffic restroom or where increased efficiency and reduced cost are priorities.

### Twin T-Box and Twin T-Box Mini

*The Twin T-Box and Twin T-Box Mini offer extra high capacity and a "never-empty" system.*

### T-Box and T-Box Mini

*The single roll T-Box and T-Box Mini are ideal where space is restricted.*
